PHYSICS LAB

CHEMISTRY LAB

COMMUNICATION
SKILLS LAB

Physics Lab-I

For developing a scientific Temper

- ❖ We have well equipped physics lab where students put theory into practice.
- ❖ All facilities are provided to our young innovators with the care & guidance of faculty.

Physics Lab

**For developing a
scientific Temper**

- ❖ Besides being equipped the lab is spacious airy, organized and well kept.
- ❖ Demonstrations, experiments and practical's are carried out by the students over here.
- ❖ Students are guided and observed while they are at work in the lab.

Physics

Lab-II

For developing a scientific Temper

- ❖ Besides being equipped the lab is spacious airy, organized and well kept.
- ❖ Demonstrations, experiments and practical's are carried out by the students over here.
- ❖ Students are guided and observed while they are at work in the lab.

Chemistry Lab

Features:-

- ❖ We have well equipped chemistry lab. All the facilities are provided by us to our students.
- ❖ In chemistry lab our students can perform, researches, experiments or even learn new things.
- ❖ This helps students to remember the studies in a better way by conducting their own experiments. We gives students first-hand experience and offer better opportunities for learning.

Chemistry Lab

Features:-

- ❖ Our propose is to learn, how to gain knowledge, how to observe and learn the meaning of what happens.
- ❖ Even though in chemistry lab we provides to students a great experience is developing, necessary skills for study and research.
- ❖ It also helps in developing interactions between teacher and student.

COMMUNICATION SKILLS LAB

Features:-

- ❖ C.S. lab provides ample practice to students in an interactive way to acquire language skills like listening, speaking, reading and writing.
- ❖ It also helps to enhance the language learning process.

COMMUNICATION SKILLS LAB

Features:-

- ❖ Air Conditioned C.S. lab is spacious, airy, well organized and well equipped.
- ❖ All facilities like computers, listening and speaking tools are available in the C.S. lab.
